<p>The stirring story of the seventeenth-century pirates of the Mediterranean-the forerunners of today's bandits of the seas-and how their conquests shaped the clash between Christianity and Islam. It's easy to think of piracy as a romantic way of life long gone-if not for today's frightening headlines of robbery and kidnapping on the high seas. Pirates have existed since the invention of commerce itself, but they reached the zenith of their power during the 1600s, when the Mediterranean was the crossroads of the world and pirates were the scourge of Europe and the glory of Islam. They attacked ships, enslaved crews, plundered cargoes, enraged governments, and swayed empires, wreaking havoc from Gibraltar to the Holy Land and beyond. Historian and author Adrian Tinniswood brings alive this dynamic chapter in history, where clashes between pirates of the East-Tunis, Algiers, and Tripoli-and governments of the West-England, France, Spain, and Venice-grew increasingly intense and dangerous. In vivid detail, Tinniswood recounts the brutal struggles, glorious triumphs, and enduring personalities of the pirates of the Barbary Coast, and how their maneuverings between the Muslim empires and Christian Europe shed light on the religious and moral battles that still rage today. As Tinniswood notes in Pirates of Barbary, "Pirates are history." In this fascinating and entertaining book, he reveals that the history of piracy is also the history that shaped our modern world.</p>
<p>Maritime piracy's improbable re-emergence following the end of the Cold War was surprising as the image of pirates evokes masted galleons and cutlasses. Yet, the number of incidents and their intensity skyrocketed in the 1990s and 2000s off of the coasts of Indonesia, Malaysia, the Philippines, India, Bangladesh, Nigeria, and Somalia. As Ursula Daxecker and Brandon Prins demonstrate in Pirate Lands, Maritime piracy-like civil war, terrorism, and organized crime-is a problem of weak states. Surprisingly, though, pirates do not operate in the least governed areas of weak states. Daxecker and Prins address this puzzle by explaining why some coastal communities experience more pirate attacks in their vicinity than others. They find that pirates do well in places where elites and law enforcement can be bribed, but they also need access to functioning roads, ports, and markets. Using statistical analyses of cross-national and sub-national data on pirate attacks in Indonesia, Nigeria, and Somalia, Daxecker and Prins detail how governance at the state and local level explain the location of maritime piracy. Additionally, they employ geo-spatial tools to rigorously measure how local political capacity and infrastructure affect maritime piracy. Drawing upon interviews with former pirates, community members, and maritime security experts, Pirate Lands offers the first comprehensive, social-scientific account of a phenomenon whose re-appearance after centuries of remission took almost everyone by surprise.</p>
<p>More than just a history of the real 'pirates of the Caribbean,' Pirates: A History explores piracy from ancient times to the present day, from the bloodthirsty Viking raiders who terrorised northern Europe to the legendary female Chinese pirate of the 1920s, Lai Choi San. In this history we see how thin the line was between a royally chartered privateer and a pirate, most notably epitomised by Francis Drake. Then there were the Renegades: Europeans captured by the Barbary corsairs who converted to Islam and became pirate captains in their own right. Some were simply cut-throat drunkards, but many pirate ships were run on surprisingly progressive, democratic principles. The 'golden age' of piracy is examined afresh and the colourful characters of the era brought to life. Accounts of Blackbeard, Black Barty and William Kidd illustrate the truth behind the legends of the Jolly Roger.</p>
<p>Sets tips for effective team leadership in the age of pirates, focusing on captain, crew, mission, strategy, and treasure.</p>
<p>Scholars are divided in their views about the teachings on riches in 1 Timothy. Evidence that has been largely overlooked in NT scholarship appears in Ephesiaca by Xenophon of Ephesus and suggests that the topic be revisited. Recently dated to the mid-first century C.E., Ephesiaca brings to life what is known from ancient sources about the social setting and cultural rules of the wealthy in Ephesus and provides details that enhance our knowledge of life and society in that place and time. In this volume, Hoag introduces Ephesiaca and employs a socio-rhetorical methodology to explore it alongside other ancient evidence and five passages in 1 Timothy (2:9–15; 3:1–13; 6:1–2a; 6:2b–10; and 6:17–19). His findings augment our modern conception of the Sitz im Leben of the wealthy in Ephesus. Additionally, because Ephesiaca contains some rare terms and themes that are found in 1 Timothy, this groundbreaking research offers fresh insight for biblical reading and interpretation.</p>
<p>Sale with the iconic pirate-villains and outlaws, experience great sea adventures and dangerous treasure hunts! You will find it all in this passionately edited collection: Treasure Island (R. L.
