Indo-European language of the gods.

According to Indian tradition, Sanskrit has neither beginning nor an end. It is eternal. It is everlasting. Historically, the Sanskrit was adopted, developed and refined by the invading Aryans in the Indus Valley, during 1500 BC. Sanskrit survived as the language of religion, literature and Hindu philosophy for over 3,357 years, dating from about 1500 BC to a close AD 1857. The term Aryans, Indo-Europeans and Indo-European Languages ? frequently used by historians is misleading; it is not correct that the Aryans or the Indo-Europeans

Read PDF Sanskrit And Its Development From Proto

were part of a great civilized nation. Aryan is a term that refers to migrants who settled in the Indus Valley; they were a mixed people; wanderers, criminals, mercenaries from the areas now known as Afghanistan, Iran, the tribal areas of Pakistan and Central Asia down to the Caspian Sea. In modern terms they can be identified as Pashtun, Tajik, Uzbek, Hazara, Kamboja, Yusufzai, Afridi, Khilji and the other Turkic tribes. The present-day Talibans and most of the people affiliated with Al-Qaeda are also the descendants of the Aryans.

Read PDF Sanskrit And Its Development From Proto Indo European

The Sanskrit Language presents a systematic and comprehensive historical account of the developments in phonology and morphology. This is the only book in English which treats the structure of the Sanskrit language in its relation to the other Indo-European languages and throws light on the significance of the discovery of Sanskrit. It is this discovery that contributed to the study of the comparative philology of the Indo-European languages and eventually the whole science of modern linguistics. Besides drawing

Indo-European on the works of Brugmann and Wackernagel, Professor Burrow incorporates in this book material from Hittite and taking into account various verbal constructions as found in Hittite, he relates the perfect form of Sanskrit to it. The profound influence that the Dravidian languages had on the structure of the Sanskrit language has also been presented lucidly and with a balanced perspective. In a nutshell, the present work can be called, without exaggeration, a pioneering endeavour in the field of linguistics and Indology.

Read PDF Sanskrit And Its Development From Proto Indo European

The present volume contains studies of crucial periods and important areas in the history of the Sanskrit language, from the earliest, Vedic and pre-Vedic periods, through the period of "Greater India," up to the recent history of Sanskrit in India.

This book has the rare distinction of being both an introductory book and a new ground-breaking study. It is an introductory book because the reader gets an accurate overview of the language, and it is also a ground-breaking study because Filliozat's approach harmonizes two

different and complementary stands that often have been at war: the Western historical and comparative approach and the indigenous pañçitatràditiòn. Sanskrit is described here from these two points of view: what the native speakers knew and felt about their language, and what the foreign scholars discovered in their historical and comparative quest.
