Reviews Kennedy-Krannich Top 10 career book pick of the year: "A brilliant book by a top career consultant offers startling new conclusions (timing is more important than talent, for example) based on interviews with hundreds of fast-track careerists who reveal how corporations really make promotion decisions."-Los Angeles Times Syndicate "A little book with a big message . . . Must-reading for anyone who is interested in building their career."-About.com "I doubled my income with the tips in this book!"-Adele Liss, public relations executive, San Francisco From the Trade Paperback edition.

From the creator of the popular website Ask a Manager and New York's work-advice columnist comes a witty, practical guide to 200 difficult professional conversations—featuring all-new advice! There's a reason Alison Green has been called "the Dear Abby of the work world." Ten years as a workplace-advice columnist have taught her that people avoid awkward conversations in the office because they simply don't know what to say. Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may

Read Online Who Gets Promoted Doesn't And Why 10 Things You'd Better Do If You

need to have during your career. You'll learn what to say when • coworkers push their work on you—then take credit for it • you accidentally trash-talk someone in an email then hit “reply all” • you're being micromanaged—or not being managed at all • you catch a colleague in a lie • your boss seems unhappy with your work • your cubemate's loud speakerphone is making you homicidal • you got drunk at the holiday party

Praise for *Ask a Manager* “A must-read for anyone who works . . . [Alison Green's] advice boils down to the idea that you should be professional (even when others are not) and that communicating in a straightforward manner with candor and kindness will get you far, no matter where you work.”—Booklist (starred review) “The author's friendly, warm, no-nonsense writing is a pleasure to read, and her advice can be widely applied to relationships in all areas of readers' lives. Ideal for anyone new to the job market or new to management, or anyone hoping to improve their work experience.”—Library Journal (starred review) “I am a huge fan of Alison Green's *Ask a Manager* column. This book is even better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and to do so with grace, confidence, and a sense of humor.”—Robert Sutton, Stanford professor and author of *The No Asshole Rule* and *The Asshole Survival Guide* “*Ask a Manager* is the ultimate playbook for navigating the traditional workforce in a diplomatic but firm way.”—Erin Lowry, author of *Broke Millennial: Stop Scraping By and Get Your Financial Life Together*

In a hierarchy, every employee rises to the level of their own incompetence. This simple maxim, defined by this classic book over 40 years ago, has become a beacon of truth in the world of work. From the civil service to multinational companies to hospital management, it explains why things

Read Online Who Gets Promoted Doesn't And Why 10 Things You'd Better Do If You

Who Gets Promoted Doesn't And Why constantly go wrong: promotion up a hierarchy inevitably leads to over-promotion and incompetence. Through barbed anecdotes and wry humour the authors define the problem and show how anyone, whether at the top or bottom of the career ladder, can avoid its pitfalls. Or, indeed, avoid promotion entirely!

Maximize your chances to get promoted to the executive level As predictable career paths have become extinct in most organizations, managers aspiring to the C-level job are left to their own devices to determine how to advance their careers. Even in companies committed to talent development, guidance to aspiring executives is often vague and contradictory. This happens, executive coach John Beeson argues, because executive promotions are made based on the decision makers' intuitive sense of whether or not a manager can succeed at higher levels within the organization. Beeson decodes these leadership criteria--the unwritten rules--that companies use to make decisions about who gets promoted and who doesn't, and identifies the six core "selection factors" that are imperative for success at the executive level

Demonstrating strategic skills
Building a strong management team
Managing implementation
Exhibiting the capacity for innovation and change
Working across organizational boundaries
Projecting executive presence

Filled with stories of managers who successfully climbed up the executive ladder--and some who struggled--The Unwritten Rules is an invaluable resource for aspiring executives.

"I think that idiot bosses are timeless, and as long as there are annoying people in the world, I won't run out of material."—Scott Adams Dilbert and the gang are back for this 26th collection, Thriving on Vague Objectives. Adams has his

Read Online Who Gets Promoted Doesn't And Why 10 Things You'd Better Do If You

finger on the pulse of cubicle dwellers across the globe. No one delivers more laughs or captures the reality of the 9 to 5 worker better than Dilbert, Dogbert, Catbert, and a cast of stupefying office stereotypes—which is why there are millions of fans of the Dilbert comic strip. Dilbert is a techno-man stuck in a dead-end job (sound familiar?). Power-mad Dogbert strives to take over the world and enslave the humans. The most intelligent person in Dilbert's world is his trash collector, who knows everything about everything. Artist and creator Scott Adams started Dilbert as a doodle when he worked as a bank teller. He continued doodling when he was upgraded to a cubicle for a major telecommunications company. His boss (no telling if he was pointy-haired or not) suggested the name Dilbert. Adams is so dead-on accurate in his depictions of office life that he has been accused of spying on Corporate America.

The world of work has changed. People in previous generations tended to pick one professional path and stick to it. Switching companies every few years wasn't the norm, and changing careers was even rarer. Today's career trajectories aren't so scripted and linear. Technology has given rise to new positions that never before existed, which means we are choosing from a much broader set of career options—and have even more opportunities to find work that lights us up. However, we don't discover and apply for jobs the same way anymore, and employers don't find applicants the way they used to. Isn't it about time we had a playbook for navigating it all? Kathryn Minshew and Alexandra Cavoulacos, founders of the popular career website TheMuse, offer the definitive guide to the modern workplace. Through quick exercises and structured tips, you will learn:

- The New Rules for finding the right path: Sift through, and narrow today's ever-growing menu of job and career options,

Read Online Who Gets Promoted Doesn't And Why 10 Things You'd Better Do If You

using the simple step-by-step Muse Method. The New Rules for landing the perfect job: Build your personal brand, and communicate exactly how you can contribute and why your experience is valuable in a way that is sure to get the attention of your dream employer. Then ace every step of the interview process, from getting a foot in the door to negotiating your offer. · The New Rules for growing and advancing in your career: Mastering first impressions, the art of communication, networking, managing up and other “soft” skills – and make it obvious that whatever level you’re at, you’re ready to get ahead. Whether you are starting out in your career, looking to advance, navigating a mid-career shift, or anywhere in between, this is the book you need to thrive in the New World of Work.

Offers tips on writing an essay for admission to graduate school, provides an explanation of the admissions process, gives advice on securing letters of recommendation, and features resources for locating scholarships.
